EMAIL TEMPLATE TO LOCAL REPRESENTATIVE(S)

Dear [Representative's Name],

I am writing to you as a member of the recovery community. I am deeply concerned about the ongoing issues surrounding addiction treatment and recovery support. As we approach the presidential election season, I urge you to advocate for policies that ensure fair and accessible healthcare, including parity in treatment for substance use disorders. It is crucial that we have representatives who understand the importance of providing comprehensive care and removing barriers to recovery.

Additionally, I encourage you to support legislation that destigmatizes addiction and normalizes recovery. This includes increasing access to medication-assisted treatment, expanding community support programs, and ensuring that those in recovery are treated with dignity and respect. The journey to recovery is challenging, and it's vital that our policies reflect a commitment to helping individuals and families affected by addiction.

Please consider making these issues a priority in your platform and legislative efforts. The decisions made during this election season will significantly impact the lives of countless individuals in recovery, and I hope you will stand with us in advocating for our rights and needs.

Thank you for your attention to this critical matter.

Sincerely,

[Your Name]
